Intermittent Fasting Plan

The 14:10 time-restricted intermittent fasting plan consists of a 14-hour rejuvenation (fasting) period followed by a 10-hour recharge (eating) that includes Jenny Craig's chef-crafted meals and snacks.

How it works:

1. Rest

During this 14-hour rejuvenation period, you'll take a break from food and caloric beverages - most of this time is spent sleeping! This is when the body generally switches to fat-burning mode

2. Recharge

Break your hunger with our Recharge Bar. Enjoy this bar 1 - 2 hours before the end of your 14-hour rejuvenation period. Then, for the remaining 10 hours, nourish your body with Jenny Craig's chef-crafted meals and snacks.

3. Repeat

Stick to the plan and take your results to the Max!
